Instructions Proposed Tax Rate Valuation Summary Report 694A	Form PT-246A pt-246a-inst.doc Rev. 2/01
---	---

Prepared by:	Taxing entities
Statutory reference:	UCA §59-2-913
Due date:	June 22

General Information

This worksheet is used for taxing entities that have more than one budget type. By using the 694A and 694B worksheets together, the taxing entities can calculate the entity's proposed tax rates for multiple budget types.

An example is a school district that has multiple budget types and each one has a separate budget amount and tax levy.

Unlike Report 694, a separate worksheet is not needed for each line item. Rather, the county needs to complete only one Report 694A, then calculate proposed tax rates on Report 694B.

County auditors prepare the entire Report 694A before sending it to the taxing entities.
